

Kohnke's Own® **TRIM**™

TRIM™ normalises sugar and fat metabolism to help strip off 'cresty' necks and abnormal fat deposits safely and easily.

**AFRICA BEFORE
TRIM**

**5 WEEKS AFTER
TRIM**

TRIM™ is especially helpful to horses with a history of laminitis, or those developing intolerance to sugar due to Equine Metabolic Syndrome or Insulin Resistance.

**AFRICA BACK IN
COMPETITION**

TRIM contains selected nutrients that help burn fat and sugar effectively and correct shortfalls of important vitamins and trace-minerals in low GI diets.
